Dear Sis,

Haven't heard from you in quite a while, however I'm not disappointed for mail has been very slow, and nobody is receiving any mail to speak of. I consider myself quite lucky to have you write as often as you do. If you didn't write to me I would hardly receive any mail at all. The folks letters are few and far between and one can't write.

There isn't much to write about. The flies are about to drive us crazy. They are almost unbearable in the daytime, at night they seem to disappear only to be just as bad when the sun warms up. Some-
times we can be thankful for the cool nights. It is very pleasant sleeping, and when sitting at the mess (outdoor messes) it gets quite cool, cool enough to be uncomfortable. We have motion pictures nearly every night, and we see some extra and one of the best ones ever seen for a large number of men. So even though it is crowded, it is something different.
Your brother
