

FORT BRAGG, N. C.

July 21, 1942

Dear Folks,

Just to let you know I'm out of the hospital, on duty with the company. Aside from a few pounds I lost I don't feel too bad, of course I feel a little weak yet.

For the time being we can't write concerning almost anything for fear we shouldn't. However soon as we return I will write again. We won't be gone long.

Junior I wish you were with us, I think you would enjoy it.

To top it all I drew

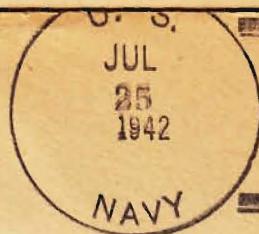

K.P. and I've sweat so much
the last three days that there
won't be much left ~~out~~ of
me if this keeps up much longer.

I think this will be
all. Don't worry about me.
I'll write soon as possible.

as ever

Rito.
